Drew Wrigley
North Dakota Attorney General

Bismarck, ND 58505-0040

I am surprised that both of you have not responded to my letters.

Mr. Wrigley, I had assumed you would respond immediately as you know ND laws. A dishonest state employee reflects poorly on other state employees, including you.

Mr. Burgum, I had assumed you would respond immediately as your career had been in industry for many years. This indicated to me that you are an honest person, who can be trusted.

In my career in electronics (Texas Instruments, 3M, Emerson), an employee who lied to a customer multiple times would be fired. There would not be a second chance.

In the future, this information may become public.

Best Regards,
