

Addendum #3

7-Oct-2022

Complaint to: North Dakota Public Service Commission

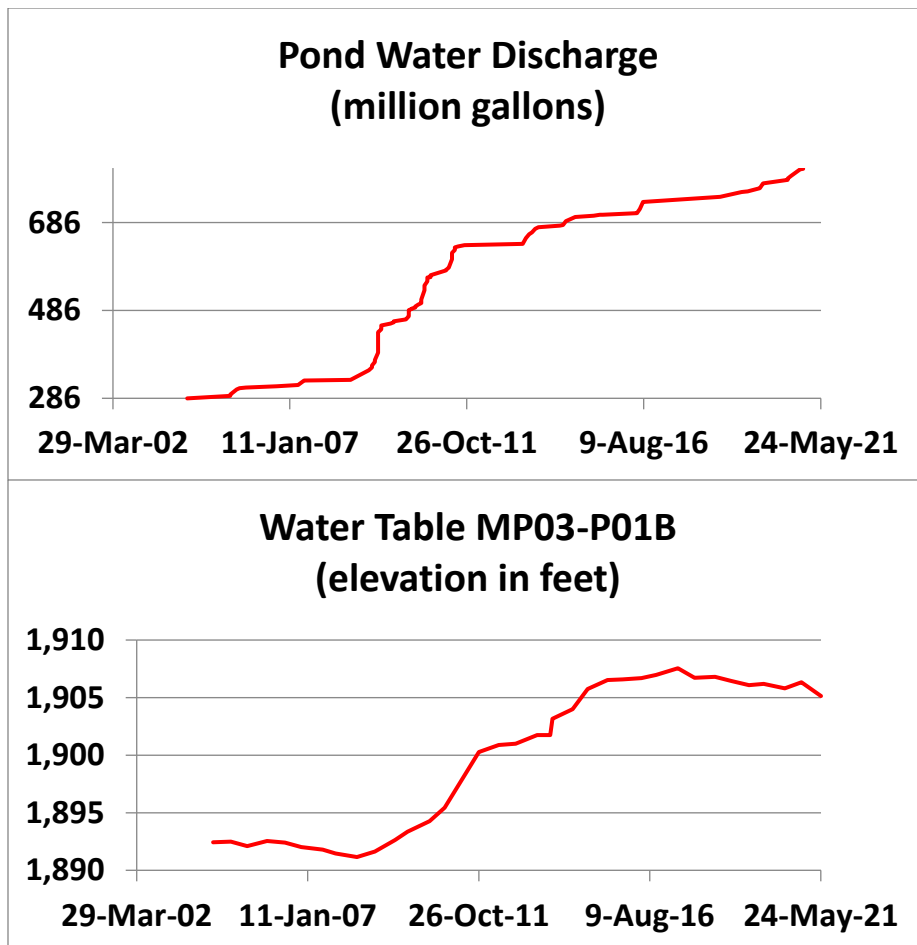

Farmland: T146N R88W S34 NW1/4 in Mercer County, north of Beulah, ND

Complainants: Clyde Eisenbeis, Allen Eisenbeis, JoAnn Crabtree

Respondent: North American Coal (NAC)

A comment by Sarah Flath, NAC, was that the farmland flooding was due to rain.

What was not mentioned that the rain required the NAC ponds to be discharged more often into the farmland creek.

The pond water discharge flooded the farmland.
